VOL XIX—NO 262

CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA, FRIDAY, APRIL 11, 1919

TWO CENTS

FIRST LOAN MEETING

Will Be Held Tuesday Evening Next at M. E. Church

GOOD SPEAKERS TO BE PRESENT

The first meeting for the Victory Liberty Loan will be held in the basement of the First Methodist Episcopal church next Tuesday evening at 7:45 o'clock. This meeting is called by Mrs. C. C. Wright, chairman of the Women's local campaign committee and by John D. Berryman, town chairman for the Victory Loan.

The speakers of the evening will be Mrs. L. S. Vowell of Washington, county chairman of the women, Sergeant S. C. Herring, lately arrived from overseas and who will be the principal speaker of the evening, Miss Weir of Washington, who served overseas as a Red Cross nurse and Mrs. Guy McCabe, who will give a sketch on "How she made enough money to buy Liberty bonds and War Savings Stamps." Mrs. McCabe is a talented reader and her portion of the program is expected to be of interest to the audience.

A cordial invitation is extended to every man, woman and child in town who worked in any of the previous loans, as well as to those who contemplate working in the coming Victory Loan.

The gathering Tuesday night will be preliminary to the real activities of the campaign, which is going to present some very interesting features. The trophy train is scheduled for Thursday, May 1st but the hour in which it will arrive in Charleroi has not been designated. Due notice will be given, however, as the publicity of the campaign is scheduled to begin on Tuesday next, when the different features of the "drive" will be made known to the public from time to time.

GAS RATE HEARING WAS POSTPONED

Attorneys and representatives from the Brownsvilles who are making a contest against the Greensboro Gas Company on the rate question were notified not to appear in Pittsburgh on Thursday before the Public Service Commission as the hearing had been postponed pending advice from parties concerning the proposed adjustments. The Brownsville people are not satisfied with the offer of the gas company to voluntarily withdraw the ready-to-serve charge, but want an investigation of the proposed increase of rates. This would involve quite an expense, but the up-river people want to know. It is possible, however, that the differences may be adjusted without going into a hearing.

REAL ESTATE BRINGS INCREASED PRICES

Real estate transactions have been quite numerous in Charleroi of late among the most recent being those of William D. Holmes, who sells his property on Fallowfield avenue to Charles P. Byrne for \$6,700; William C. Clark, who sold his residence to the First Presbyterian church as a manse, consideration \$2,600; and Jacob A. Myers, who sold his property on Fifth street with a frontage of 55.47 feet to Lewis J. Mitchell for \$6,100.

The following list of applicants are taking the examination for mine fire boss in the 21st bituminous district under the supervision of Mine Inspector Bryne, Joseph Edwards and Michael Dooley, board members, now being held in Turner Hall, McKean avenue:

John Collins, George Triebach, Coal Centre.
James C. Shaw, Sandy Fowler, Clarksville.

Peter Kraitner, James Darwell, Thomas Phillipson, Denbo.
John M. Crockett, Harry H. Ball, Fredericktown.
Andrew L. Dillon, Daisytown.
Patrick C. Reapi, Jake Williams, Peter Haywood, Heyekiah Reese, Vestaburg.

IS PROPRIETOR OR OWNER RESPONSIBLE?

Who is responsible is the question involved in a case heard before Judges McIlvaine and Brownson, an appeal by J. Blaine Wise, proprietor of the Arcade amusement building, Marianna, from summary conviction. Mr. Wise is charged by the commonwealth with allowing minors, young lads under 16 years of age, to frequent the pool and billiard room in the building, controlled by him. Judgment was found against Mr. Wise at a hearing before a justice of the peace. A number of boys from Marianna were in court as witnesses, and their answers at times caused some amusement.

Mr. Wise owns the building and the pool room was in charge of another party. The commonwealth held that Mr. Wise himself was in the pool room frequently and that he was able to know that lads under age were frequenting the place. The case was not completed when court adjourned.

In a Social game of euchre last night at the Eagles Club W. L. Tyler and M. J. McQuire defeated Martin Hannigan and Carl Emmer for the championship of the Eagles club, in a closely contested game.

Would Tax Every Male Resident of The State

Dr. H. W. Day, representative in the legislature from the Second district of Westmoreland county, has introduced a bill in the House which if it becomes a law will impose a school tax of \$3.00, a county tax of \$1.50 and a borough tax of \$1.50 on every male person over 21 years of age domiciled in the State. This bill is the result of much study and if passed, will materially assist those communities in which the foreign population reaches high figures and where the burden of taxation rests upon those who are citizens or property owners.

Dr. Day believes he will have the support of a great majority of the taxpayers in the State and that the

Huffer of the First Christian church, interment to follow in the Belle Vernon cemetery.

Mr. Mallabone was born in England, February 4, 1855, the son of William Mallabone and Ann Morton Mallabone. In 1876 he was married to Miss Cicely Harrald and in 1882 with his family came to America, settling at West Elizabeth. In 1903 he moved to Charleroi and continued to reside here until the time of his death. He is survived by the cause of widow, one son, John, Jr., and six daughters. REGIMENTS FROM 28TH MAY PARADE IN PITTSBURG

It is possible that at least two regiments of the Twenty-eighth Division will parade in Pittsburgh after the arrival of the men in the United States. It is definitely determined that the entire Division will parade in Philadelphia, and efforts are now being made to have the 110th and 111th parades in Pittsburgh. War Department officials, while giving no positive assurance, say they believe it is possible to make such arrangements.

ROSCOE SOLDIER DIES IN FRANCE

Word was received in Roscoe Thursday noon by Mr. and Mrs. David Forsythe of the death of their son David in a hospital in France from incipient tuberculosis. His death occurred on the 20th of March. The young man was inducted into the service from the fourth district of Washington county, whose headquarters were at Ellsworth on the first day of April, 1918 and sent to Camp Lee. He was assigned to the Military Police, in which branch of the army he served while in France. His home folks received a letter from him only a short time ago, in which he said: "he was in the hospital. He is spoken of by Roscoe citizens as a most exemplary young man, and the of his death. He is survived by the cause of widow, one son, John, Jr., and six daughters. Mrs. Joseph Kelly of a mark of respect a memorial wreath Belle Vernon, Mrs. A. E. Smith and Mrs. L. C. Gabriel of Pittsburg, Honor on Thursday afternoon. He is survived by his parents, one brother and one sister.

PRESBYTERIANS WILL GO OVER THE TOP

The \$13,000,000 fund asked for by the Presbyterian church for its various benevolences for the coming year will, in the opinion of the leaders, be oversubscribed. Reports received up to noon of March 31 indicate that a majority of the Presbyterian churches will reach the amounts asked of them, while in many instances individual churches will go far above the quota assigned to them. The Presbyterian churches of Charleroi stood high in this campaign.

CORDIAL RECEPTION TO REV. MR. BASTIAN

The Berlin Record of date of Friday, April 4, gives a very lengthy account of a reception tendered to Rev. C. P. Bastian and his family, who recently moved from Charleroi to that town, where Mr. Bastian is now the pastor of the Trinity Lutheran church. The reception was largely attended, not only by members of the congregation but by many of the members of other denominations who united with the Lutherans in extending a genuine and hearty welcome to the new pastor.

The occasion proved to be a most enjoyable social affair and "went far toward binding the people of the community closer together for more effective work along religious and civic lines," according to the Berlin paper and was "one which must have been an inspiration and encouragement to the new pastor for Rev. Bastian and family were certainly accorded a most hearty welcome and assured the co-operation of all in making their work in this field pleasant and fruitful," is the conclusion of the editor.

A fine program of addresses and music had been prepared for the occasion and at their conclusion Rev. Bastian, wife and two daughters were assisted in receiving by Rev. and Mrs. Brubaker, Rev. and Mrs. Stephen and Rev. and Mrs. Trout. After all had met and extended greetings to the new pastor and family refreshments were served.

RATES ON VICTORY LOAN NEXT WEEK

The rates for the new Victory Liberty Loan will be officially announced next Tuesday, a week in advance of the formal opening of subscription books on April 21. The announcement will be made Secretary Glass of the Treasury Department, at a mass meeting to be held on the above date in the Metropolitan opera house in New York. Financiers who keep in close touch with the monetary situation give their opinion that the highest rate of interest on the taxable notes will be 4 3/4 per cent, but they express no opinion as to what will be the rate on the non-taxable issues, although it is intimated it may be about 3 3/4 per cent.

Claifton By-Product Ovens Shown In Moving Pictures

TWO STEAMERS IN THE FILM

Last Tuesday morning a moving picture camera man was at the big by-product coke plant at Claifton making motion pictures showing the different workings of the plant, the ovens in operation, their charging with fuel and the automatic discharging of the finished coke. The loading and cooling process was also shown, as well as the delivery of coal to the landing and the method of conveying it from the steel barges in the river to the ovens. The steamers W. M. Clingerman and Duquesne are shown in the picture, the former coming in to the harbor with six big steel barges of coal and the latter leaving the harbor with six empties.

The pictures were made for and on order of the Carnegie Steel company and when completed will likely be shown in many of the picture houses throughout the country. The company's photographer was also on the ground all day and made a number of still views of the plant.

JUDGMENT OF JUSTICE IS APPEALED FROM

The case of the commonwealth against Paul Christina of Bentleyville, charged with reckless driving, an appeal from the judgment of Justice Whitehead of Charleroi, and which was to have come up for trial in court this week, has been postponed. A case is pending now before court involving the same questions of fact and the decision in one case will have bearing on the other. The prosecutor is Jerome Van Voorhis. The defendant ran into a wagon of the prosecutor on the Monongahela-Bentleyville road. The prosecutor avers Christina was driving his auto in a reckless manner. The justice fined Christina \$25 and costs, from he has appealed.

TOMORROW IS FLOWWER DAY FOR BELGIAN BABIES

The day will be observed throughout the United States, and it is expected that a large sum of money will be realized. The flowers will sell for not less than 10 cents.

TEACH THRIFT IN SCHOOL

In the earlier times our school copy books taught that a stitch in time saves nine, the early bird gets the worm, etc., but after we became prosperous and lavish and wasteful our school children heard more about the moral uplift, and poisons in alcohol and tobacco, and such life. After the war came we were very point, the school curriculum for 1919 edly reminded of some things we had almost forgotten and thus was brought about a tendency no longer to despise the well worn but solid wisdom of the ages. It was in consequence of this return toward first

principles that Secretary Glass recently asked the National Education Association in convention assembled to make thrift a part of the school curriculum during 1919. his telegram reading in part as follows:
"I wish to extend the sincere appreciation on of the Treasury Department for the assistance rendered by the members of the teaching profession in the Liberty loan and war savings campaign. Besides being of immediate value, these campaigns have been of permanent value to the country in encouraging habits of wise spending, intelligent saving, and investment. These habits will have a great permanent value to the country if applied to its development in time of peace. The teachers of the country can do much to influence our future citizens by teaching the children good citizenship and thrift. It is therefore my earnest request, in behalf of the Treasury Department, that the school authorities throughout the country incorporate the teaching of thrift in the school curriculum for 1919." As hdes are said to be plentiful we may presume that the excessive cost of shoes is merely a part of the universal war scheme of producers to skin consumers.

"THE SPIRIT OF MEMORIALS"

As the spring blossoms into summer we feel, some of us, the absence of those dear ones who have passed to "the beyond." We miss their laughter, their kindnesses, their caresses. Ought we not give actual expression to the loving remembrance in which they are held?

The custom of marking their resting places is as old and as beautiful as the old, old world itself.

We cannot honor our loved ones more, nor perpetuate their memory more effectively than by the erection of a monument. Properly carved, by a master artisan, such a memorial is a lasting tribute to our affection for them.

Is there not some one whose memory deserves this recognition from you?

MINERS DISSATISFIED OVER HINES' ATTITUDE

Miners of the Pittsburg district, as well as those of every other district in the United States, are dissatisfied with the attitude of Director General Hines, of the railroad administration in his attitude toward the steel corporations on the price question. The prices were fixed by the department of commerce under direction of Secretary Redfield, but the railroad administration refuses to pay the figure. The Director General is also accused of paying less than the market price for coal, which if persisted in will naturally cause a lowering of the wages of the miners.

TEACH THRIFT IN SCHOOL

In the earlier times our school copy books taught that a stitch in time saves nine, the early bird gets the worm, etc., but after we became prosperous and lavish and wasteful our school children heard more about moral uplift, and poisons in alcohol and tobacco, and such life. After the great war came we were very pointedly reminded of some things we had almost forgotten and thus was brought about a tendency no longer to despise the well worn but solid wisdom of the ages. It was in consequence of this return toward first

principles that Secretary Glass recently asked the National Education Association in convention assembled to make thrift a part of the school curriculum during 1919, his telegram reading in part as follows:
"I wish to extend the sincere appreciation of the Treasury Department for the assistance rendered by the members of the teaching profession in the Liberty loan and war savings campaign. Besides being of immediate value, these campaigns have been of permanent value to the country in encouraging habits of wise spending, intelligent saving, and investment. These habits will have a great permanent value to the country if applied to its development in time of peace. The teachers of the country can do much to influence our future citizens by teaching the children good citizenship and thrift. It is therefore my earnest request, in behalf of the Treasury Department, that the school authorities throughout the country incorporate the teaching of thrift in the school curriculum for 1919."

As aues are said to be plentiful, we may presume that the excessive cost of shoes is merely a part of the universal war scheme of producers to skin consumers.

Some scientists contend that it takes the body three months to recover from a fit of anger. Perhaps they have never investigated those persons who get mad or hug a grouch every day and even seem to get fat on such exercise of the emotions.

"THE SPIRIT OF MEMORIALS"

As the spring blossoms into summer we feel, some of us, the absence of those dear ones who have passed to "the beyond." We miss their laughter, their kindnesses, their caresses. Ought we not give actual expression to the loving remembrance in which they are held?

The custom of marking their resting places is as old and as beautiful as the old, old world itself.

We cannot honor our loved ones more, nor perpetuate their memory more effectively, than by the erection of a monument. Properly carved, by a master artisan, such a memorial is a lasting tribute to our affection for them.

Is there not some one whose memory deserves this recognition from you?
